MEAT CAUSE OF KIDNEY TROUBLE KIDNEY TROUBLE KIDNEY TROUBLE KIDNEY TROUBLE Take a Glass of Salts if Your Back Hurts or Bladder Bothers. Meat Forms Uric Acid. If you must have your meat every day, eat it, but flush your kidneys with the sale of old age. The thousands of maps that have been drawn are appalling and none of them

salts occasionally, says a noted authority, who tells us that meat forms uricacid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you suffer with a dulmisery in the kidney region, sharp pains in the back or sick headache, dizzines; your stomach sours, tongue is coated, and when the weather is had you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulates sluggish kidneys, also to neutralize the acid in urine, so they no longer irritate, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a desightful effervescent lithia-water drink—Adv.
